

This diagram shows a complex layered structure. At the top, there's a layer (2) with features (2a) and (22). Below it is a layer (21) with internal structures (3). Further down is a layer (4a) and a substrate (4). A central element (5) is positioned vertically. Below the main assembly is a large rectangular block (16) resting on supports (18, 19). The entire unit sits on a base (10) with side flanges (9). Additional labels include 1, 28, 15, 17, and 20 pointing to various structural details.
